GENERATOR

Single Heavy Duty Petrol Generator

GASOLINE GENERATORS

- 1) High-quality, environmental protection, and powerful OHV generator.
- 2) Design simplicity, soft control panel.
- 3) AVR automatic voltage to maintain stability and to ensure a smooth power on the voltage fluctuation sensitive equipment is especially important.
- 4) Engine oil warning system, fuel display tables, etc.
- 5) Home, leisure, agriculture, commerce and other standby power
- 6) Automatic, Electric & Recoil start.
